Infinity's Book Publishing Gift Certificate Terms and Conditions

Infinity's Book Publishing Gift Certificate – at the special price of \$399 – is a special offer valid for a limited time. We have deducted \$50 from Infinity's \$499 one-time setup fee. Current Infinity-published authors benefit from discounts when they publish additional titles or when they refer a friend, and thusly they may purchase the Book Publishing Gift Certificate for \$349.

Included in the Gift Certificate Setup

Infinity's setup fee covers the cost of the following: accepting the author's submission; assigning an ISBN, identifying Infinity Publishing as the publisher of record; reviewing book file formatting to assure compliance with production requirements; providing professionally designed cover art created especially for the book; converting the word processor book file into the digitized file our high-speed digital printer prints from; adding the title into Infinity's unique book publishing system; providing printed proof books for the author's approval or returned for corrections to be made as per author's instructions; setting up the author's account for monthly publisher's statement and royalty check; making the book available for sale to the public by adding the title, book info, and author's bio to Infinity's online bookstore at www.buybooksontheweb.com; listing the author's book with Books-In-Print; providing books needed for enrollment in Amazon's Advantage program; guaranteeing that books may be returned by bookstores at no cost to the author; providing listing info for online booksellers; providing prompt and accurate order fulfillment; providing live customer support; by publishing under Infinity's non-exclusive publishing agreement, the author retains all rights; and with the author's granted permission to publish and distribute the book, it will never go out of print.

Easy-to-follow Instructions

Infinity provides an easy-to-follow guidebook, titled *Become a Published Author*, with instructions about how to prepare your book file to be submitted for publication. Approximately 6 to 8 weeks after the completed book file has been submitted and accepted, the author receives proof books to carefully review for any errors and omissions before signing the acceptance and approval form after corrections have been made to the complete satisfaction of the author. At the same time the author receives a complimentary copy of *My Book's Published – Now What???* This book answers the questions about what authors need to do to start promoting their books. Each author is responsible for promoting his or her book. We can't do the marketing efforts for your book; however, we do provide Infinity authors with ongoing insight from experts that will put you on the right path to achieve publishing success with your book.

Optional Available Publishing Services

Infinity's one-time \$499 setup fee includes every service an author needs to have a book published and put into distribution. We do offer a few optional services. Ingram distribution which is available for a one-time fee of \$149 adds your book into the Ingram database which facilitates non-returnable sales through Barnes & Noble bookstores. Professional proofreading and copyediting services are available when the book is submitted at a cost of 0.013 cents per word – that's one and a third cents per word to purge typos and grammatical goofs from your book. Infinity's unique Advance Reading Copy program for \$275 provides the author with 24 copies of their book to send out for reviews and blurbs to use in promoting their soon-to-be-released book. We also have several marketing packages of collateral material – customized business cards, post cards, bookmarkers, posters printed in full color – available for the author to use in book promotion.

Royalties and Discounts

Infinity's publishing agreement is very straightforward. Monthly royalties are paid on the selling price of all books sold – including purchases by the author. We pay 30% of the cover price on retail sales; 15% on wholesale and distributor orders; and 10% on author purchases at 40% off suggested retail price based on page count. We extend standard industry discounts and terms to retail, wholesale, and distributor accounts. We earn our profit from selling books.

First Amendment Press

In the best spirit of Ben Franklin, Infinity Publishing is a First Amendment press that publishes nonfiction books on almost any subject and novels in every genre, free of traditionally imposed editorial censorship. We will not publish books that are crudely written, or books that are littered with typos and grammatical errors that would be an embarrassment to the author and the publisher. These manuscripts will be returned with the recommendation that the author secure the services of a professional editor to edit the book for publication.

A Satisfying and Long-lasting Gift

We assure you: Gift recipients will have a positive publishing experience with Infinity. They will take pride in the high quality of their just-published books that your gift made possible. The thoughtfulness and generosity of your gift will be long lasting because their books will never go out of print. Newly published authors will truly appreciate the author-friendly environment they will discover with Infinity Publishing.
